I'm a Data Science & Analytics student at Petra Christian University with hands-on experience as an assistant lecturer, where I developed strong leadership and collaborative problem-solving skills. Proficient in Python, data visualization, and analytics, I approach complex problems with a strong analytical mindset. I'm also skilled in web development, creating user-friendly websites that enhance engagement. Passionate about expanding my technical skills, I'm eager to make impactful contributions in data analytics through data-driven insights and solutions.

Work Experiences
